**MARENCO SWISSHELICOPTER  
proud to join the 2017 Helicopter Exposition  
in Dallas for a 7<sup>th</sup> participation**

Switzerland, February 3<sup>rd</sup>, 2017

MARENCO SWISSHELICOPTER is pleased and proud to announce its 7<sup>th</sup> participation at the Heli-Expo in the USA on the occasion of the 2017 Helicopter Association International Convention in Dallas, Texas. The event will be held from the 7<sup>th</sup> to the 9<sup>th</sup> of March 2017.

Marengo Swisshelicopter will display a full-scale mock-up of the SKYe SH09 single-turbine helicopter.

On the 7<sup>th</sup> of March, at 12:30 p.m. with Swiss precision, join us on Booth N°7110 for a special announcement.

The Swiss team, including new CEO Andreas Loewenstein, will demonstrate how the SH09 and its equipment will become an asset in your toolbox. Witness how the first Swiss made helicopter is raising the standards for the benefit and future of all operators.

With this participation, the team is excited to keep the market and the customers informed about the on-going progresses of the flight-test program, about the development of the company' s infrastructure and production capacity.

### About MARENCO SWISSHELICOPTER (MSH):

**Marengo Swisshelicopter Ltd.** was founded in 2007 for the purpose of developing, building and commercializing new concepts of turbine helicopters. With this industrial visionary concept, **Marengo Swisshelicopter** developed a new generation of helicopter, the **SKYe SH09**, built with a design that concentrates on the key notions of competitive superiority, modularity, advanced ergonomics.

The SKYe SH09 is a new class of multirole helicopters, equipped with the best baseline in the industry that incorporates a full glass cockpit suite, a dual hydraulic system and a dual electrical circuit. Delivering outstanding hot and high performance and the largest cabin / cargo volumes, the **SKYe SH09** helicopter is built for the most demanding missions.
